

0% VAT on your Powerwall

Store excess energy produced by your solar system and access clean energy, day or night with Powerwall.

Starting February 1, 0% VAT will be calculated into your final costs so you can order Powerwall at a lower price.* By generating your own clean energy and storing it in Powerwall, you can reduce your reliance on the grid and maximise energy savings.

Connect with your Certified Installer about your home's needs and get a personalised quote.
